**Subject:** Forty Love Point Water

Please include me in vehement protest of Carolina Water's rate increase. Our toilets and the inside of our dishwasher are permanently stained brown. The water faucets and handles in our kitchen and bathrooms are permanently corroded. I shudder to think about what would happen if a house in the neighborhood caught on fire. I watched from across the cove several years ago as a house on Hiller Road burned to the ground, even though authorities had been called immediately to the scene. Carolina Water is the single biggest detriment to property values in this subdivision, and we never would have bought here had we known about the problem.
